SECTION C - DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

SCOPE OF WORK

TO EXTEND THE SERVICE LIFE OF 621B SCRAPERS

C.1 General Scope of Work. The purpose of this scope of work is to describe the contractor's responsibilities in extending the service life of the United States military's 621B Scrapers. All aspects of Caterpillar Inc. SLEP shall be conducted in accordance with Caterpillar Inc. standard commercial practices as defined in the applicable service manual, subsequent service manual updates, and reusability guide. The following Caterpillar publications will be adhered to in order to ensure standard procedures are followed for the SLEP program.

<u>Model</u>	<u>Service Manual</u>	<u>Reusability Guide</u>
621B	SEBP2429-00	SEBF8000

The contractor's overall responsibility shall be to make all Core repairs (Atch 002), and Additional Work Effort (AWE) repairs (Atch 003) necessary to return all vehicles to a like-new condition that meets the original Military Specification, as stated below.

621B Scraper. MIL-S-53000 - Military Specification, Scraper, 14-18 Cubic Yard Minimum Struck Capacity, Open Bowl, Single-Diesel-Engine-Driven, Commercial Construction Equipment (CCE). This mil-spec is for a new vehicle. Since the SLEP Program involves used vehicles, this mil-spec shall be used as reference and/or guidance.

A Run-In Test shall be conducted once the vehicle has been completed. DSCPs Military 621B Run-In Test and paragraph 4.5.2.1 of MIL-S-53000(ME) shall apply.

C.1.1 Core Effort. The core effort is defined as and shall include only those tasks that are common to and performed on each vehicle including component/part replacement, upgrades and related tasks. The Core Effort may be updated by contract modification if required. The government will issue delivery orders for core effort at the fixed price identified in the contract. Each vehicle shall have an R and the date SLEP was completed stamped on the data plate. The contractor shall make all vehicles common in capabilities by adding a NATO Slave Receptacle and Army Oil Analysis Program (AOAP) valves as required.

C.1.2 Additional Work Effort (AWE). The AWE is the set of repair and refurbishment actions beyond the core effort unique to each vehicle. The contractor shall perform AWE on each vehicle up to the maximum amount of \$41,127 per vehicle. In the event that the cost of the recommended AWE is anticipated to exceed the amount authorized the contractor shall not perform any repairs until the PCO provides written authorization. The PCO will examine and approve/disapprove all AWE requests in excess of the dollar thresholds established at \$41,127. The contractor shall perform this AWE at the same time as the core rebuild effort or at such a time as the contractor finds that this work is most efficiently integrated into their regular work processes. The contractor shall repair or replace damaged or missing hardware. The list of work performed under this phase shall be included with the AWE report for each vehicle. The contractor shall ensure that they charge the government strictly for the AWE performed and not for any effort already paid for under the core SLEP effort.

C.1.3 Placing Orders for SLEP Effort. The PCO will place delivery orders under this contract by obligating: 1) the fixed price per vehicle for core effort and 2) the estimated cost for AWE. Each delivery order will show the following information:

- a. The quantity of vehicles for SLEP.
- b. The known location of each vehicle for SLEP.
- c. The known serial number of each vehicle for SLEP.
- d. A point of contact, with telephone number at the vehicle's pick-up and return location.
- e. The pick-up and return location Department of Defense Activity Address Code (DODAAC).

C.1.4 Vehicle Pick up and Delivery. The contractor shall pick up the vehicles at designated government sites and transport them to an authorized contractor SLEP facility. The contractor may perform the SLEP effort at any facility of the following dealers:

TO BE DETERMINED (this will be determined by delivery order)

The contractor shall also be responsible for making all arrangements related to transportation and loading, including operating the vehicle and performing any needed disassembly required to transport the vehicle, as well as the actual transporting of the vehicles. Ten days prior to the planned arrival of their transportation personnel, the contractor shall notify the government POC's identified in the contract delivery order to firmly fix the exact time and place of vehicle pick up/delivery and transportation. The SLEP vehicles pick up shall begin within 120 days of delivery orders being received, unless otherwise mutually agreed upon by the government and contractor. Once a vehicle has been picked up, the contractor has 20 days in which to submit an AWE to the government. The contractor shall deliver the SLEP vehicle back to the designated unit within 75 days of AWE submittal, for those that are below the AWE threshold

<p style="text-align: center;"><b>CONTINUATION SHEET</b></p>	<p style="text-align: center;"><b>Reference No. of Document Being Continued</b></p> <p style="text-align: center;">PIIN/SIIN DAAE07-03-R-T104      MOD/AMD</p>	<p style="text-align: right;"><b>Page 5 of 36</b></p>

of \$41,127. AWEs that exceed the dollar threshold of \$41,127 require PCO approval. The government has 10 days in which to review and provide disposition for these AWEs over the threshold. The contractor shall deliver the SLEP vehicle back to the designated unit within 75 days of AWE approval.

C.1.5 Vehicle Inspection. The contractor shall inspect in detail each vehicle going through SLEP at their dealer repair facility. The contractor shall ensure that the inspection is sufficient to determine the condition of the inspected vehicles and to identify any additional repairs (AWE) beyond those described in the core effort. The contractor shall not proceed with the SLEP effort for a vehicle if any of the two following conditions exist:

- a. The vehicle frame is cracked or bent to such a degree that it requires replacement.
- b. The vehicle exhibits excessive corrosion inside and out.

The contractor shall notify the PCO if any of the above conditions exist. The PCO will make a determination whether to proceed with SLEP on that vehicle. The PCO may amend the delivery order, striking that vehicle serial number from the list and deobligating the funds associated with the SLEP of that vehicle. The contractor will be paid for all transportation, assembly/disassembly inspection and cleaning costs incurred for that vehicle. At its option, the government may substitute another vehicle from its fleet in place of the rejected vehicle.

C.1.6 Condition Assessment Report (CAR) and AWE Report. The contractor shall prepare a CAR and AWE report for each vehicle inspected under this SLEP contract, whether it is below or above the AWE dollar threshold. The contractor shall deliver the CAR and both the Summary and Detailed AWE Reports to the addressees in CDRL A001, Exhibit A.

C.1.6.1 CAR. The CAR is a report compiled for each machine detailing the major components and their apparent condition. This could include written evaluation, wear measurements, illustrations, etc. The CAR shall contain at a minimum:

- a. All identifying vehicle information in accordance with commercial practices including end item serial number, system nomenclature (621B Scraper), National Stock Number (NSN) and US Army system registration number.
- b. A general description of the vehicle's condition and appearance.
- c. Engine hour meter reading.
- d. Model number and condition of the engine to include the condition of engine components.
- e. A condition summary of the vehicle that lists repairs necessary and probable cause, such as wear and tear, improper lubrication, improper training, etc.

C.1.6.2 Summary AWE. The Summary AWE is the cover sheet for an individual AWE/CAR Submission. It summarizes the individual areas of each machine and the additional expense associated with them. For example, Engine, Transmission, Electrical and Radiator/Cooling would be areas highlighted. Costs for parts, labor hours and other (misc) for each of these areas are listed.

C.1.6.3 Detailed AWE. The Detailed AWE report includes the items that make up the AWE and CAR. This would include the individual parts listed along with pricing information, as well as text to define the reason(s) for the repair/replacement. This is submitted to TACOM for their review and approval as necessary as defined in the contract. PCO approval of the AWE/CAR Detail Submission will provide authorization for the contractor to complete the SLEP/Rebuild. The Detailed AWE report shall include, as a minimum:

- a. All identifying vehicle information in accordance with commercial practices including end item serial number, system nomenclature (621B Scraper), National Stock Number (NSN) and US Army system registration number.
- b. A list of repair actions which are needed for the vehicle, including part numbers and description. The contractor shall include in the report the estimated cost of material, labor, and any additive prime contractor overheads and markups to perform the SLEP repair actions needed. The contractor shall price the total effort.

C.1.7 Final Inspection of SLEP Vehicles. Ten days before a SLEP vehicle is ready for final inspection, the contractor shall notify the Defense Contract Management Area Office located in the region of the dealer who is performing the work. Upon arrival of the government inspector, the contractor shall conduct the production run-in test for the vehicle. Upon successful completion of the production run-in tests as specified in DSCPs Militray 621B Run-In Test and paragraph 4.5.2.1 of Mil-S-53000(ME), the government inspector will sign the DD250 or other appropriate acceptance document for each vehicle.

C.2 General Requirements.

C.2.1 Status Report. The contractor shall furnish a monthly status report to the government showing the work in progress and a summary of work completed. The report shall include: delivery order number, vehicle serial number, vehicle attachments (if any), military location, dealer, labor rate, actual pick up date, AWE approval amount, AWE approval date, date inspector notified, actual completion

Name of Offeror or Contractor:

date, inspection completion date, vehicle return date, core invoice amount, core invoice date, AWE invoice amount, AWE invoice date, and invoice total. The contractor shall provide this report per CRDL A002, Exhibit B.

C.2.2 Disposition of Replaced Parts. For a period of 60 days, starting on the date the government inspector signs the DD250, the contractor shall keep on hand all parts removed from the SLEP vehicles. During that time period, the contractor shall permit government inspectors to examine and take possession of any of those parts upon request.

C.2.3 Warranty. The contractor shall issue a new warranty - 18 months/500 hours, for each SLEP vehicle. The warranty is at Attachment 001.

C.2.4 Paint Requirement. All external surfaces of the machine suitable for painting, except those that reach a temperature of 400 degrees F shall have a waterborne chemical agent resistant coating (CARC) in accordance with MIL-P-64159, Type I, from one of the approved suppliers listed below. Each vehicle shall be painted green, color number 383 or tan, color number 686A IAW Federal Standard 595. The color for each vehicle will be specified in each delivery order. Surfaces not suitable for painting shall be treated to, or inherently provide a surface of limited reflectivity, as shall interior components visible from the exterior. Other internal components may be finished with the manufacturers standard colors and paint, plating, or treatment.

------	-----------	-------------------	----------

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than \$0.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor--

(1) Any order for a single item in excess of \$20 MILLION.

(2) Any order for a combination of items in excess of \$30 MILLION.

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the REQUIREMENTS clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 15 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

H-14	52.216-21	REQUIREMENTS	OCT/1995
------	-----------	--------------	----------

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as estimated or maximum in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the ORDERING clause. Subject to any limitations in the ORDER LIMITATIONS clause or elsewhere in this contract, the Contractor shall furnish to the Government all

supplies or services specified in the Schedule and called for by orders issued in accordance with the ORDERING clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and the Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after five years from the date of award.

[End of Clause]

H-15                      252.227-7036                      DECLARATION OF TECHNICAL DATA CONFORMITY                      JAN/1997

(a) All technical data delivered under this contract shall be accompanied by the following written declaration:

The Contractor, \_\_\_\_\_, hereby declares that, to the best of its knowledge and belief, the technical data delivered herewith under Contract No. DAAE07-\_\_\_\_\_ are complete, accurate, and comply with all requirements of the contract.

Date	Name and Title of Authorized Official
------	---------------------------------------

This written certification shall be dated and the certifying official (identified by name and title) shall be duly authorized to bind the Contractor by the certification.

(b) The Contractor shall identify, by name and title, each individual (official) authorized by the Contractor to certify in writing that the technical data are complete, accurate, and comply with all requirements of the contract. The Contractor hereby authorizes direct contact with the authorized individual responsible for certification of technical data. The authorized individual shall be familiar with the Contractor's technical data conformity procedures and their application to the technical data to be certified and delivered.

(c) Technical data delivered under this contract may be subject to reviews by the Government during preparation and prior to acceptance. Technical data are also subject to reviews by the Government subsequent to acceptance. Such reviews may be conducted as a function ancillary to other reviews, such as in-process reviews or configuration audit reviews.

(End of clause)

H-16                      252.227-7037                      VALIDATION OF RESTRICTIVE MARKINGS ON TECHNICAL DATA                      SEP/1999

(a) Definitions. The terms used in this clause are defined in the Rights in Technical Data-Noncommercial Items clause of this contract.

(b) Contracts for commercial items--presumption of development at private expense. Under a contract for a commercial item, component, or process, the Department of Defense shall presume that a Contractor's asserted use or release restrictions are justified on the basis that the item, component, or process was developed exclusively at private expense. The Department shall not challenge such assertions unless information the Department provides demonstrates that the item, component, or process was not developed exclusively at private expense.

(c) Justification. The Contractor or subcontractor at any tier is responsible for maintaining records sufficient to justify the validity of its markings that impose restrictions on the Government and others to use, duplicate, or disclose technical data delivered or required to be delivered under the contract or subcontract. Except under contracts for commercial items, the Contractor or subcontractor shall be prepared to furnish to the Contracting Officer a written justification for such restrictive markings in response to a challenge under paragraph (e) of this clause.

(d) Prechallenge request for information.

(1) The Contracting Officer may request the Contractor or subcontractor to furnish a written explanation for any restriction

**Name of Offeror or Contractor:**

asserted by the Contractor or subcontractor on the right of the United States or others to use technical data. If, upon review of the explanation submitted, the Contracting Officer remains unable to ascertain the basis of the restrictive marking, the Contracting Officer may further request the Contractor or subcontractor to furnish additional information in the records of, or otherwise in the possession of or reasonably available to, the Contractor or subcontractor to justify the validity of any restrictive marking on technical data delivered or to be delivered under the contract or subcontract (e.g., a statement of facts accompanied with supporting documentation). The Contractor or subcontractor shall submit such written data as requested by the Contracting Officer within the time required or such longer period as may be mutually agreed.

(2) If the Contracting Officer, after reviewing the written data furnished pursuant to paragraph (d)(1) of this clause, or any other available information pertaining to the validity of a restrictive marking, determines that reasonable grounds exist to question the current validity of the marking and that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data relates, the Contracting Officer shall follow the procedures in paragraph (e) of this clause.

(3) If the Contractor or subcontractor fails to respond to the Contracting Officer's request for information under paragraph (d)(1) of this clause, and the Contracting Officer determines that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data relates, the Contracting Officer may challenge the validity of the marking as described in paragraph (e) of this clause.

(e) Challenge.

(1) Notwithstanding any provision of this contract concerning inspection and acceptance, if the Contracting Officer determines that a challenge to the restrictive marking is warranted, the Contracting Officer shall send a written challenge notice to the Contractor or subcontractor asserting the restrictive markings. Such challenge shall-

- (i) State the specific grounds for challenging the asserted restriction;
- (ii) Require a response within sixty (60) days justifying and providing sufficient evidence as to the current validity of the asserted restriction;
- (iii) State that a DoD Contracting Officer's final decision, issued pursuant to paragraph (g) of this clause, sustaining the validity of a restrictive marking identical to the asserted restriction, within the three-year period preceding the challenge, shall serve as justification for the asserted restriction if the validated restriction was asserted by the same Contractor or subcontractor (or any licensee of such Contractor or subcontractor) to which such notice is being provided; and
- (iv) State that failure to respond to the challenge notice may result in issuance of a final decision pursuant to paragraph (f) of this clause.

(2) The Contracting Officer shall extend the time for response as appropriate if the Contractor or subcontractor submits a written request showing the need for additional time to prepare a response.

(3) The Contractor's or subcontractor's written response shall be considered a claim within the meaning of the Contract Disputes Act of 1978 (41 U.S.C. 601, et seq.), and shall be certified in the form prescribed at 33.207 of the Federal Acquisition Regulation, regardless of dollar amount.

(4) A Contractor or subcontractor receiving challenges to the same restrictive markings from more than one Contracting Officer shall notify each Contracting Officer of the existence of more than one challenge. The notice shall also state which Contracting Officer initiated the first in time unanswered challenge. The Contracting Officer initiating the first in time unanswered challenge after consultation with the Contractor or subcontractor and the other Contracting Officers, shall formulate and distribute a schedule for responding to each of the challenge notices to all interested parties. The schedule shall afford the Contractor or subcontractor an opportunity to respond to each challenge notice. All parties will be bound by this schedule.

(f) Final decision when Contractor or subcontractor fails to respond. Upon a failure of a Contractor or subcontractor to submit any response to the challenge notice, other than a failure to respond under a contract for commercial items, the Contracting Officer will issue a final decision to the Contractor or subcontractor in accordance with the Disputes clause of this contract pertaining to the validity of the asserted restriction. This final decision shall be issued as soon as possible after the expiration of the time period of paragraph (e)(1)(ii) or (e)(2) of this clause. Following issuance of the final decision, the Contracting Officer will comply with the procedures in paragraphs (g)(2)(ii) through (iv) of this clause.

(g) Final decision when Contractor or subcontractor responds.

(1) If the Contracting Officer determines that the Contractor or subcontractor has justified the validity of the restrictive marking, the Contracting Officer shall issue a final decision to the Contractor or subcontractor sustaining the validity of the restrictive marking, and stating that the Government will continue to be bound by the restrictive marking. This final decision shall be issued within sixty (60) days after receipt of the Contractor's or subcontractor's response to the challenge notice, or within such

longer period that the Contracting Officer has notified the Contractor or subcontractor that the Government will require. The notification of a longer period for issuance of a final decision will be made within sixty (60) days after receipt of the response to the challenge notice.

(2) (i) If the Contracting Officer determines that the validity of the restrictive marking is not justified, the Contracting Officer shall issue a final decision to the Contractor or subcontractor in accordance with the Disputes clause of this contract. Notwithstanding paragraph (e) of the Disputes clause, the final decision shall be issued within sixty (60) days after receipt of the Contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the Contractor or subcontractor of the longer period that the Government will require. The notification of a longer period for issuance of a final decision will be made within sixty (60) days after receipt of the response to the challenge notice.

(ii) The Government agrees that it will continue to be bound by the restrictive marking for a period of ninety (90) days from the issuance of the Contracting Officer's final decision under paragraph (g)(2)(i) of this clause. The Contractor or subcontractor agrees that, if it intends to file suit in the United States Claims Court it will provide a notice of intent to file suit to the Contracting Officer within ninety (90) days from the issuance of the Contracting Officer's final decision under paragraph (g)(2)(i) of this clause. If the Contractor or subcontractor fails to appeal, file suit, or provide a notice of intent to file suit to the Contracting Officer within the ninety (90)-day period, the Government may cancel or ignore the restrictive markings, and the failure of the Contractor or subcontractor to take the required action constitutes agreement with such Government action.

(iii) The Government agrees that it will continue to be bound by the restrictive marking where a notice of intent to file suit in the United States Claims Court is provided to the Contracting Officer within ninety (90) days from the issuance of the final decision under paragraph (g)(2)(i) of this clause. The Government will no longer be bound, and the Contractor or subcontractor agrees that the Government may strike or ignore the restrictive markings, if the Contractor or subcontractor fails to file its suit within one (1) year after issuance of the final decision. Notwithstanding the foregoing, where the head of an agency determines, on a nondelegable basis, that urgent or compelling circumstances will not permit waiting for the filing of a suit in the United States Claims Court, the Contractor or subcontractor agrees that the agency may, following notice to the Contractor or subcontractor, authorize release or disclosure of the technical data. Such agency determination may be made at any time after issuance of the final decision and will not affect the Contractor's or subcontractor's right to damages against the United States where its restrictive markings are ultimately upheld or to pursue other relief, if any, as may be provided by law.

(iv) The Government agrees that it will be bound by the restrictive marking where an appeal or suit is filed pursuant to the Contract Disputes Act until final disposition by an agency Board of Contract Appeals or the United States Claims Court. Notwithstanding the foregoing, where the head of an agency determines, on a nondelegable basis, following notice to the Contractor that urgent or compelling circumstances will not permit awaiting the decision by such Board of Contract Appeals or the United States Claims Court, the Contractor or subcontractor agrees that the agency may authorize release or disclosure of the technical data. Such agency determination may be made at any time after issuance of the final decision and will not affect the Contractor's or subcontractor's right to damages against the United States where its restrictive markings are ultimately upheld or to pursue other relief, if any, as may be provided by law.

(h) Final disposition of appeal or suit.

(1) If the Contractor or subcontractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is sustained-

(i) The restrictive marking on the technical data shall be cancelled, corrected or ignored; and

(ii) If the restrictive marking is found not to be substantially justified, the Contractor or subcontractor, as appropriate, shall be liable to the Government for payment of the cost to the Government of reviewing the restrictive marking and the fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Government in challenging the marking, unless special circumstances would make such payment unjust.

(2) If the Contractor or subcontractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is not sustained-

(i) The Government shall continue to be bound by the restrictive marking; and

(ii) The Government shall be liable to the Contractor or subcontractor for payment of fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Contractor or subcontractor in defending the marking, if the challenge by the Government is found not to have been made in good faith.

(i) Duration of right to challenge. The Government may review the validity of any restriction on technical data, delivered or to be delivered under a contract, asserted by the Contractor or subcontractor. During the period within three (3) years of final payment on a contract or within three (3) years of delivery of the technical data to the Government, whichever is later, the Contracting Officer

may review and make a written determination to challenge the restriction. The Government may, however, challenge a restriction on the release, disclosure or use of technical data at any time if such technical data.

(1) Is publicly available;

(2) Has been furnished to the United States without restriction; or

(3) Has been otherwise made available without restriction. Only the Contracting Officer's final decision resolving a formal challenge by sustaining the validity of a restrictive marking constitutes "validation" as addressed in 10 U.S.C. 2321.

(j) Decision not to challenge. A decision by the Government, or a determination by the Contracting Officer, to not challenge the restrictive marking or asserted restriction shall not constitute "validation."

(k) Privity of contract. The Contractor or subcontractor agrees that the Contracting Officer may transact matters under this clause directly with subcontractors at any tier that assert restrictive markings. However, this clause neither creates nor implies privity of contract between the Government and subcontractors.

(l) Flowdown. The Contractor or subcontractor agrees to insert this clause in contractual instruments with its subcontractors or suppliers at any tier requiring the delivery of technical data, except contractual instruments for commercial items or commercial components.

H-17      252.243-7000      ENGINEERING CHANGE PROPOSALS      SEP/1999

(a) The Contracting Officer may ask the Contractor to prepare engineering change proposals for engineering changes within the scope of this contract. Upon receipt of a written request from the Contracting Officer, the Contractor shall prepare and submit an engineering change proposal in accordance with the instructions of MIL-STD-973, in effect on the date of contract award.

(b) The Contractor may initiate engineering change proposals. Contractor initiated engineering change proposals shall include a "not to exceed" price or a "not less than" price and delivery adjustment. If the Contracting Officer orders the engineering change, the increase shall not exceed nor the decrease be less than the "not to exceed" or "not less than" amounts.

(c) When the price of the engineering change is \$500,000 or more, the Contractor shall submit-

(1) A contract pricing proposal using the format in Table 15-2, Section 15.408, of the Federal Acquisition Regulation; and

(2) At the time of agreement on price, or on another date agreed upon between the parties, a signed Certificate of Current Cost or Pricing Data.

H-18      52.204-4005      REQUIRED USE OF ELECTRONIC CONTRACTING      DEC/2002  
(TACOM)

(a) All contract awards, modifications and delivery orders issued by TACOM will be issued electronically. The contractor has the option to receive these actions either via the Worldwide Web (WWW) or Electronic Data Interchange (EDI). Many provisions and clauses appear "by reference," meaning only clause titles and regulation site are listed; their full texts can be found at the website <http://farsite.hill.af.mil/>

(b) In order to be eligible to receive an award under this solicitation, the successful offeror must be registered with the Department of Defense (DOD) Central Contractor Registration (CCR). The CCR registration process may be done electronically at the World Wide Web (WWW) site: <http://www.ccr2000.com>. (In order to be registered to use EDI, you must use the long form for registration. Certification information, including information on the EDI 838 TPP, must be furnished to the Contracting Officer within 60 calendar days after contract award to complete networking requirements within the Government.)

(c) Worldwide Web Distribution. The contractor will receive an electronic Notice of the Award, Modification, or Delivery Order via e-mail. If you choose the WWW option, you must download the file from the appropriate TACOM webpage:

Anniston Army Depot: <http://www.anadprocnet.army.mil>

(d) Electronic Data Interchange. If you choose to receive contract awards, modifications and delivery orders through EDI, they will be delivered electronically via the Federal Acquisition Network (FACNET). Federal Standard Version 3050 of Standard X12 from the American National Standards Institute (ANSI) will be used as the format for these electronic transactions.

(1) You must complete the EDI 838 Trading Partner Profile, and must agree (i) to subcontract with a DoD certified VAN or Value Added Service (VAS) provider, or (ii) to become DoD certified as a Value Added Network (VAN). The EDI 838 Training Partner Profile is contained in the basic CCR registration form and includes portions of the registration form which are titled "Optional".

(2) You must select a VAN from the official DoD approved list. DoD Certified VANs are listed at <http://www.acq.osd.mil/ec/ecip/index.htm>. If your VAN is later removed from the official list, or if you voluntarily drop your initially selected VAN, then you must switch to a VAN that remains on the official DoD approved list. You must maintain an active account on a DoD approved VAN for the entire duration of the contract, beginning no later than the 60th day after award.

(e) Unless otherwise specified elsewhere in the contract, all data items you are required to provide under this contract must be submitted electronically. Acceptable formats include:

(1) Microsoft\* 97 Office Products (TACOM can currently read OFFICE 97\* and lower.): Word, Excel, Powerpoint, or Access

(2) 100 OR 250 MEGABYTE ZIP\*-DISK, 3 1/2 INCH DISK, OR 650 MEGABYTE CD ROM

(3) E-MAIL (Maximum size of each e-mail message is be three and one-half (3.5) megabytes).

(4) Other electronic formats. Before submitting your data in any other electronic format, please e-mail the buyer identified on the face of the contract, with e-mail copy-furnished to [amsta-idq@tacom.army.mil](mailto:amsta-idq@tacom.army.mil), to obtain a decision as to the format's acceptability. This e-mail must be received by the buyer not later than ten calendar days before the required data submission date.

NOTE: The above formats may be submitted in compressed form using self-extracting files.

(f) Additional information can be obtained by sending a message to: [acqcenweb@tacom.army.mil](mailto:acqcenweb@tacom.army.mil) or by calling (586) 574-7059.

H-19      52.216-4008      STATUS OF FUNDS ON COST REIMBURSEMENT CONTRACTS/CLINS      JUN/1989  
(TACOM)

(a) The Contractor shall review the funding as it relates to work performed on the cost-reimbursement Contract Line Item Numbers (CLINs) under this contract and shall provide to the Procuring Contracting Officer (PCO) a written determination of what, if any, funds are excess to requirements (leaving a reasonable amount for final overhead rate negotiations and other reasonably predicted requirements) and are available for deobligation. This review shall be coordinated with the Administrative Contracting Officer (ACO), and the written determination shall be accomplished within 120 days of completion of performance under the CLIN. The report shall be prepared in terms of dollars available per Purchase Request Order Number (PRON), unless requested otherwise by the PCO.

(b) This report may be requested in writing by the PCO on additional occasions during the course of performance of work on cost-reimbursable CLINS contained in this contract. On such occasions, the written report shall be provided to the PCO within 14 days of Contractor receipt of the written request.

H-20      52.246-4026      LOCAL ADDRESSES FOR DD FORM 250      MAR/2002  
(TACOM)

(a) The contractor must provide a copy of each Material Inspection and Receiving Report (DD 250) pertaining to this contract, to the addresses given below, using either of the following methods:

(1) Our first preference is for you to use electronic mail (e-mail), using the following e-mail address:

[DD250@tacom.army.mil](mailto:DD250@tacom.army.mil)

(2) Our second preference is for you to use data facsimile (datafax) transmission, using this fax number:

H - 21      OPTION CLAUSE

(a) As the Government, we have the right to increase the maximum quantity and extend the effective period of the contract for one 1-year option. The 1-year option covers 1 year, and if exercised will extend the contract life, and will proportionately increase the maximum quantity under the contract, as further described below. The Government is not obligated to exercise the 1-year option.

(b) The 1-year option extends the effective period of the contract by 12 months, and extends the potential contract period of performance from 5 years to 6 years as outlined in this paragraph (b). The period for exercizing the 1-year option begins from date of award through 4 and 1/2 years from the date of award. The quantity to be ordered under the 1-year option has yet to Be Determined (TBD). The 1-year option quantity will be determined by the Contracting Officer during the 4 and 1/2 year period, whether the option is exercised or not.

(a) Exceptions from cost or pricing data.

(1) In lieu of submitting cost or pricing data for modifications under this contract, for price adjustments expected to exceed the threshold set forth at FAR 15.403-4 on the date of the agreement on price or the date of the award, whichever is later, the Contractor may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable--

(i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was

previously submitted to the contracting office.

(ii) Information on modifications of contracts of subcontracts for commercial items.

(A) If--

- (1) the original contract or subcontract was granted an exception from cost or pricing data requirements because the price agreed upon was based on adequate price competition, or prices set by law or regulation, or was a contract or subcontract for the acquisition of a commercial item, and
- (2) the modification (to the contract or subcontract) is not exempted based on one of these exceptions, then the Contractor may provide information to establish that the modification would not change the contract or subcontract from a contract or subcontract for the acquisition of a commercial item to a contract or subcontract for the acquisition of an item other than a commercial item.

(B) For a commercial item exception, the Contractor shall provide, at a minimum, information on prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price of the modification. Such information may include--

- (1) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price or recent sales in quantities similar to the proposed quantities.
- (2) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market.
- (3) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.
- (4) The Contractor grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this clause, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the Contractor's determination of the prices to be offered in the catalog or marketplace.

(b) Requirements for cost or pricing data. If the Contractor is not granted an exception from the requirement to submit cost or pricing data, the following applies:

(1) The Contractor shall submit cost or pricing data and supporting attachments in accordance with Table 15-2 of FAR 15.408.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions), the Contractor shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

(c) Submit the cost portion of the proposal via the following electronic media: electronic spreadsheet files compatible with MS-DOS/Windows version Excel 5.0 or earlier, with \*.xls.

PAYMENT FOR OVERTIME PREMIUMS

JUL/1990

(a) The use of overtime is authorized under this contract if the overtime premium cost is approved by the PCO for the following situations:

- (1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdown of production equipment, or occasional production bottlenecks of a sporadic nature;
- (2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;

- (3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or
- (4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above shall include all estimated overtime for contract completion and shall--

(1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;

(2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;

(3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each affected contract; and

(4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

I-97      52.222-47      SERVICE CONTRACT ACT (SCA) MINIMUM WAGES AND FRINGE BENEFITS      MAY/1989

An SCA wage determination applicable to this work has been requested from the U.S. Department of Labor. If an SCA wage determination is not incorporated herein, the bidders/offerors shall consider the economic terms of the collective bargaining agreement (CBA) between the incumbent Contractor, Caterpillar Defense and Federal Products (D&FP) and the applicable Caterpillar Dealer in the medium labor categories who will perform the SLEP effort for the 621B Scraper. If the economic terms of the collective bargaining agreement or the collective bargaining agreement itself is not attached to the solicitation, copies can be obtained from the Contracting Officer. Pursuant to the Department of Labor Regulation, 29 CFR 4.1b and paragraph (g) of the clause at 52.222-41, Service Contract Act of 1965, as amended, the economic terms of that agreement will apply to the contract resulting from this solicitation, notwithstanding the absence of a wage determination reflecting such terms, unless it is determined that the agreement was not the result of arm's length negotiations or that after a hearing pursuant to section 4(c) of the Act, the economic terms of the agreement are substantially at variance with the wages prevailing in the area.

I-98      52.223-11      OZONE-DEPLETING SUBSTANCES      MAY/2001

(a) Definition. Ozone-depleting substance, as used in this clause, means any substance the Environmental Protection Agency designates in 40 CFR part 82 as--

(1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or

(2) Class II, including but not limited to, hydrochlorofluorocarbons.

(b) The Contractor shall label products which contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j(b), (c), and (d) and 40 CFR Part 82, Subpart E, as follows:

WARNING: Contains (or manufactured with, if applicable) \_\_\_\_\_ \* \_\_\_\_\_, a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.

\*The Contractor shall insert the name of the substance(s).

I-99      52.244-6      SUBCONTRACTS FOR COMMERCIAL ITEMS      MAY/2002

(a) Definitions. As used in this clause--

(1) "Commercial item," as used in this clause, has the meaning contained in the clause at 52.202-1, Definitions.

(2) "Subcontract," as used in this clause, includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or nondevelopmental items as components of items to be supplied under this contract.

**Name of Offeror or Contractor:**

(c)

(1) The contractor shall insert the following clauses in subcontracts for commercial items:

(i) 52.219-8, Utilization of Small Business Concerns (OCT 2000)(15U.S.C. 637(d)(2) and (3)), in all subcontracts that offer subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$500,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii) 52.222-26, Equal Opportunity (APR 2002)(E.O. 11246);

(iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (Dec 2001) (38 U.S.C. 4212(a));

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (JUN 1998)(29 U.S.C. 793);

(v) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (JUN 2000)(46 U.S.C. 1241) (flow down not required for subcontracts awarded beginning May 1, 1996).

(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimum number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

[End of Clause]

I-100      52.252-6      AUTHORIZED DEVIATIONS IN CLAUSES      APR/1984

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of (DEVIATION) after the date of the clause.

(b) The use in this solicitation or contract of any DoD FAR Supplement (DFARS) (48 CFR 2) clause with an authorized deviation is indicated by the addition of (DEVIATION) after the name of the regulation.

[End of Clause]

I-101      252.204-7004      REQUIRED CENTRAL CONTRACTOR REGISTRATION      MAR/2000

(a) Definitions. As used in this clause--

(1) Central Contractor Registration (CCR) database means the primary DoD repository for contractor information required for the conduct of business with DoD.

(2) Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet Information Services to identify unique business entities.

(3) Data Universal Numbering System +4 (DUNS+4) number means the DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned by a parent (controlling) business concern. This 4-digit suffix may be assigned at the discretion of the parent business concern for such purposes as identifying subunits or affiliates of the parent business concern.

(4) Registered in the CCR database means that all mandatory information, including the DUNS number or the DUNS+4 number, if applicable, and the corresponding Commercial and Government Entity (CAGE) code, is in the CCR database; the DUNS number and the CAGE code have been validated; and all edits have been successfully completed.

(b)

(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation, except for awards to foreign vendors for work to be performed outside the United States.

(2) The offeror shall provide its DUNS or, if applicable, its DUNS+4 number with its offer, which will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

<b>Name of Offeror or Contractor:</b>		

(3) Lack of registration in the CCR database will make an offeror ineligible for award.

(4) DoD has established a goal of registering an applicant in the CCR database within 48 hours after receipt of a complete and accurate application via the Internet. However, registration of an applicant submitting an application through a method other than the Internet may take up to 30 days. Therefore, offerors that are not registered should consider applying for registration immediately upon receipt of this solicitation.

(c) The Contractor is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to confirm on an annual basis that its information in the CCR database is accurate and complete.

(d) Offerors and contractors may obtain information on registration and annual confirmation requirements by calling 1-888-227-2423, or via the Internet at <http://www.ccr.gov>.

[End of Clause]

I-102            252.225-7015            PREFERENCE FOR DOMESTIC HAND OR MEASURING TOOLS            DEC/1991  
The Contractor agrees to deliver under this contract only hand or measuring tools produced in the United States or its possessions.  
(End of clause)

I-103            252.247-7023            TRANSPORTATION OF SUPPLIES BY SEA            MAY/2002

(a) Definitions. As used in this clause--

(1) Components means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.

(2) Department of Defense (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.

(3) Foreign flag vessel means any vessel that is not a U.S.-flag vessel.

(4) Ocean transportation means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.

(5) Subcontractor means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract. However, effective May 1, 1996, the term does not include a supplier, materialman, distributor, or vendor of commercial items or commercial components.

(6) Supplies means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.

(i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.

(ii) Supplies includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.

(7) U.S.-flag vessel means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

(b)

(1) The Contractor shall use U.S.-flag vessels when transporting any supplies by sea under this contract.

(2) A subcontractor transporting supplies by sea under this contract shall use U.S.-flag vessels if-

(i) This contract is a construction contract; or

(ii) The supplies being transported are-

(A) Noncommercial items; or

(B) Commercial items that-

(1) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it subcontracts for f.o.b. destination shipment);

(2) Are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations; or

(3) Are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.

(c) The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that--

(1) U.S.-flag vessels are not available for timely shipment;

(2) The freight charges are inordinately excessive or unreasonable; or

(3) Freight charges are higher than charges to private persons for transportation of like goods.

(d) The Contractor must submit any request for use of other than U.S.-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum--

(1) Type, weight, and cube of cargo;

(2) Required shipping date;

(3) Special handling and discharge requirements;

(4) Loading and discharge points;

(5) Name of shipper and consignee;

(6) Prime contract number; and

(7) A documented description of efforts made to secure U.S.-flag vessels, including points of contact (with names and telephone numbers) with at least two U.S.-flag carriers contacted. Copies of telephone notes, telegraphic and facsimile message or letters will be sufficient for this purpose.

(e) The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Division of National Cargo, Office of Market Development, Maritime Administration, U.S. Department of Transportation, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information--

(1) Prime contract number;

(2) Name of vessel;

(3) Vessel flag of registry;

(4) Date of loading;

(5) Port of loading;

(6) Port of final discharge;

(7) Description of commodity;

(8) Gross weight in pounds and cubic feet if available;

Name of Offeror or Contractor:		

(9) Total ocean freight in U.S. dollars; and

(10) Name of the steamship company.

(f) The Contractor shall provide with its final invoice under this contract a representation that to the best of its knowledge and belief--

(1) No ocean transportation was used in the performance of this contract;

(2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;

(3) Ocean transportation was used, and the Contractor had the written consent of the Contracting Officer for all non-U.S.-flag ocean transportation; or

(4) Ocean transportation was used and some or all of the shipments were made on non-U.S.-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:

ITEM DESCRIPTION	CONTRACT LINE ITEMS	QUANTITY	TOTAL
---------------------	------------------------	----------	-------

(g) If the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of non-U.S.-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

(h) In the award of subcontracts for the types of supplies described in paragraph (b)(2) of this clause, the Contractor shall flow down the requirements of this clause as follows:

(1) The Contractor shall insert the substance of this clause, including this paragraph (h) in all subcontracts that exceed the simplified acquisition threshold in Part 2 of the Federal Acquisition Regulation.

(2) The Contractor shall insert the substance of paragraphs (a) through (e) of this clause, and this paragraph (h), in subcontracts that are at or below the simplified acquisition threshold in Part 2 of the Federal Acquisition Regulation.

(a) All references in the contract to the submission of written documentation shall mean electronic submission. All electronic submissions shall be in the formats and media described in the "Electronic Quotations/Offers/Bids Required in Response to this Request for Quotations/Proposals/Bids" clause elsewhere in this document. (See Section K for commercial acquisitions, Section L for RFPs, and Section I for RFQs.)

(b) This shall include all written unclassified communications between the Government and the Contractor except contract awards and contract modifications which shall be posted on the internet. Return receipt shall be used if a commercial application is available. Classified information shall be handled in full accordance with the appropriate security requirements.

(c) In order to be contractually binding, all Government communications requiring a Contracting Officer signature must be sent from the Contracting Officer's e-mail address. The Contractor shall designate the personnel with signature authority who can contractually bind the contractor. All binding contractor communication shall be sent from this contractor e-mail address(es).

(d) Upon award, the Contractor shall provide the Contracting Officer with a list of e-mail addresses for all administrative and technical personnel assigned to this contract.

I-106	52.239-4000 (TACOM)	PROCESSING SENSITIVE AND HIGHLY SENSITIVE DATA	JUN/1988
-------	------------------------	--	----------

- (a) Definitions.
- (1) FOR OFFICIAL USE ONLY (FOUO): Applies only to unclassified information, records, and other material which have been determined to require protection from disclosure to the general public, and which for a significant reason should not be given general circulation.
- (2) Automatic Data Processing (ADP) assigned sensitivity levels apply to the facility or individual computer equipment and are based on the sensitivity of the information processed. The sensitivity levels are as follows.
- (i) HIGHLY SENSITIVE: Applicable to any facility or computer that processes Privacy Act and For Official Use Only (FOUO) information.
- (ii) SENSITIVE: Applicable to any facility or computer that processes data relating to asset or resource, proprietary or contractual information.
- (3) FACILITY SECURITY PROFILE: Describes the physical facility, equipment components, their locations and relationships, general operating information, and other characteristics relevant to the security of the facility and its operations.
- (4) RISK MANAGEMENT ASSESSMENT: A written assessment by Contractor personnel in effect to achieve safeguards against deliberate unauthorized manipulation, use or disclosure of information.
- (5) ACCREDITATION: A Government process which uses the risk management assessment to determine that highly sensitive and sensitive information can be processed within the bounds of acceptable risk. An Accreditation Package is assembled by the Contractor and contains the Facility Security Profile, appointment letters for the Automatic Data Processing System Security Officer (ADPSSO) and the Terminal Area Security Officer (TASO), the Risk Management Program Automation Risk Analysis Survey, the Continuity of Operations Plan, the Standard Practice Procedure (SPP), and the Memorandum of Understanding (MOU) for use with privately owned computers (if required).
- (6) AUTOMATIC DATA PROCESSING SYSTEM SECURITY OFFICER (ADPSSO): Contractor appointed representative for each ADP system, project, activity, or site whose duties are outlined in Army Regulation 380-380 and Army Materiel Command Supplement 1 to Army Regulation 380-380.
- (7) TERMINAL AREA SECURITY OFFICER (TASO): Contractor appointed representative for each remote terminal whose duties are outlined in Army Regulation 380-380 and Army Materiel Command Supplement 1 to Army Regulation 380-380.

- (b) Sensitivity Levels.
- (1) For this contract, the sensitivity levels are as follows.
- The Facility - Highly Sensitive
- Sensitive
- (2) The requirements of this clause also apply to additional facilities or computers that begin to process highly sensitive or sensitive information during the term of this contract.

(c) The Contractor shall establish and maintain a Standard Practice Procedure (SPP) to describe the procedures put in place to ensure security for the equipment which contains highly sensitive or sensitive data. The purpose of the SPP is to secure the data processing system and resources according to assigned sensitivity level of the facility and the data processed according to the following requirements.

- (1) Access Controls. Physical security must be provided through an in-depth application of barriers to include surveillance (human or electronic), limited access, and accountability. Only authorized persons shall be permitted entry into the computer area and supporting offices. The Contractor's SPP shall include a description of all measures the Contractor will take during the term of this contract to control access to data-processing areas by all personnel, to include custodial personnel, and all visitors to the facility.

**Name of Offeror or Contractor:**

(2) Facility Security. The Contractor ADPSSO will review the Facility Security Profile and notify the TACOM System Security Manager (ATTN: AMSTA-SC) of any discrepancies. Because of the information contained in the Profile, the Contractor will handle it as 'For Official Use Only' (FOUO). If after discussions between the ADPSSO and the TACOM System Security Manager a determination is made to change the Profile, the TACOM System Security Manager has the authority to permit the ADPSSO to make the change. The Facility Security Profile will become part of the Accreditation Package.

(3) Security of Remote Terminals. The Contractor's SPP shall include a description of the safeguards and procedures to be applied to (i) all remote terminals located in the ADP facility, and (ii) all hardcopy outputs produced by highly sensitive or sensitive systems that are covered by the terms of this contract. With respect to remote terminals, the Contractor's SPP shall also address the methodology by which such terminals will be rendered unable to access any highly sensitive or sensitive systems during nonduty hours.

- (4) Personnel Security.
- (i) The prospective employee will fill out a DD Form 398-2, 'Personal Security Questionnaire--National Agency Check.' After the form is completed, it will be handled as 'For Official Use Only' (FOUO). The Contractor ADPSSO will check the form for correctness and then annotate the DD Form 398-2 with the following authority: 'Memorandum, Office of the Under Secretary of Defense (Policy), Director of Security Plans and Programs, 16 Aug 82, subject: Personnel Security Investigations for Contractors.' The form will be forwarded to the TACOM System Security Manager (ATTN: AMSTA-SC) through the Government Security personnel assigned security administration on this contract.
- (ii) The TACOM System Security Manager will forward the DD Form 398-2 to Defense Investigative Services (DIS) for screening. DIS will recommend selection or non-selection of the potential employee. If DIS recommends non-selection, the potential employee cannot be assigned to ADP sensitive positions which are defined by the TACOM System Security Manager. When the screening is complete, a copy will be returned to the TACOM System Security Manager and a copy forwarded to the Contractor ADP System Security Officer for retention in the employee's file.
- (iii) Incumbent employees referred to in the remainder of this section is/are the Contractor's employees.
- (iv) Incumbent employees must have a DD Form 398-2 on file in their personnel file. If there is not one on file, the screening process listed above must be initiated and completed within 60 days of the date of this contract.
- (v) After weighing all of the pertinent factors to include those factors listed in Army Regulation 604-5, Appendix I, the Contractor is the person who is responsible to make the determination to remove an incumbent employee from ADP sensitive duties effective immediately. The Contractor ADPSSO will then counsel the individual as to the reasons for disqualification. A written notification will be initiated by the ADPSSO and provided to the disqualified incumbent within 10 days of removal. The notification will provide information concerning reasons for disqualification, appeal procedures, and a form statement for signature of the disqualified incumbent indicating only that the reasons for the disqualification are fully understood. The incumbent may appeal the disqualification within 20 workdays of the written notification. Appeals will be in writing to the ADPSSO and will specifically deny or explain the accusations. The TACOM System Security Manager will receive copies of the disqualification information and appeal from the ADPSSO. Within 20 working days of the receipt of the appeal, the ADPSSO will issue written response to the disqualified incumbent either accepting the appeal and reinstating the individual or sustaining the disqualification. If disqualification is sustained, a written statement will be prepared by the ADPSSO and submitted to the TACOM System Security Manager with a copy included in the employee file.
- (vi) Contractor supervisors of employees assigned to highly sensitive or sensitive positions will maintain day-to-day observation of individuals. Annually, Contractor supervision will verify, in writing, that employees working for them are qualified for retention. This verification will be accomplished by review of the employee's personnel file. The verification will be included in the employee file and a copy sent to the TACOM System Security Manager.

(5) System Passwords. All systems will have a method of identifying authorized users, accomplished through the use of user identification or passwords. Passwords will be randomly generated and assigned by the ADPSSO. Passwords shall be changed annually. As well, passwords will be retired within one work day when an employee having a password retires, transfers, resigns, or is discharged. The Contractor will treat all employee passwords, including logs, registers, and data concerning them, as FOUO. The Contractor will also ensure that passwords, when entered into computer systems by employees, are suppressed from appearing on terminal display screens and hardcopy output.

(6) Audit and Evaluation. The Contractor shall develop and implement accounting and auditing systems in order to monitor and review the operation of all systems covered by this contract. Such accounting and auditing systems shall be designated to detect actual and potential abuses. These systems shall contain automated and, at the Contractor's option, supplementary manual features as needed in order to provide the coverage outlined below.

- (i) SYSTEM ACCOUNTING: Procedures used to monitor the system security based on type of operation and degree of sensitive material handled. Examples are:
- (A) Job Accounting (ensures that programs perform only authorized functions).

Name of Offeror or Contractor:		

(B) Resource Accounting (provides for the use of resources).

(C) Customer Accounting (identifies and records data requests from Government and Contractor employees).

(ii) AUDIT TRAIL: Describes manual and automated rosters and logs. Examples are:

(A) System User Roster (lists personnel authorized access to the system).

(B) Visitor Log (lists escorted visitors).

(C) Support Access Log (lists personnel who need to enter the computer area but do not need to be escorted, i.e. maintenance personnel appropriately cleared through the ADPSSO to perform necessary functions).

(iii) INTERNAL AUDITS: Initiates checks to computer access and interaction of the system. Examples are:

(A) System Access Log (identifies entry to the system with name, data and time).

(B) File Usage Log (lists opening and closing files).

(C) Transmission Log (identifies terminal receiving requests and files).

(D) Storage Log (records memory assigned).

(E) Suspected Violation Log (records type of violations with date, time and terminal number).

(7) Contingency Planning.

(i) The Contractor will develop a Continuity of Operations Plan to ensure the availability of copies of files, documentation, and materials essential for recovery of operations under emergency or extraordinary conditions. Copies of files (software) will be designated as backup files. Backup files will be generated daily by Contractor personnel and placed in secure storage provided by the Contractor accessible by a minimum of two authorized Contractor personnel. Authorized Contractor personnel will maintain the backup files for 30 days at which time data which is no longer necessary will be eliminated. The following are examples of subplans which must be reflected in the Contractor's Continuity of Operations Plan.

(A) Plans which will lessen the adverse effects of the emergency or extraordinary condition such as  
(i) a major fire in the computer room, (ii) a complete power failure in the middle of daily processing, (iii) a wholesale equipment failure, (iv) a major breach of security, or (v) entry into a state of mobilization by the U.S. Government.

(B) Actions to be taken immediately after the emergency or extraordinary condition.

(C) Plans necessary to recover and return to normal operations.

(ii) The Continuity of Operations Plan will become part of the Accreditation Package.

(8) Risk Management Assessment. Risk management assessment will be conducted on all automated systems regardless of sensitivity designation. The Risk Management Program Automation Risk Analysis Survey will be filled in by the ADPSSO and submitted to the TACOM System Security Manager (ATTN: AMSTA-SC). The completed survey must be submitted to the TACOM System Security Manager by the ADPSSO (i) 30 days after the start of the contract, (ii) when new hardware, a new operating system, or a change in physical structure of the facility is activated, (iii) when no record of prior risk analysis exists, or (iv) every three years, whichever applies. The information in the survey will be designated FOUO. The Risk Management Assessment will become part of the Accreditation Package.

(9) Accreditation Process. The accreditation process will be accomplished by the TACOM System Security Manager (ATTN: AMSTA-SC). The process will review the operations and verify that information can be processed as required by the level of sensitivity and analyze the effect compromise would have on the information contained in the system. The documents used to do the accreditation are (i) the Facility Security Profile, (ii) the appointment letter for the ADPSSO, (iii) the appointment letter for the TASO (if appropriate), (iv) the Risk Management Program Automation Risk Analysis Survey, (v) the Continuity of Operations Plan, (vi) the Standard Practice Procedure (SPP), and the Memorandum of Understanding (MOU) concerning the use of personal computers, if necessary. The accreditation process will take place as (i) initial accreditation when the contract is awarded, (ii) reaccreditation for replacement of a major system, increase in sensitivity, breach of security, or significant physical change, or (iii) accreditation review every two years to include a physical inspection, reevaluation of current sensitivity level, and effectiveness of the current accreditation plan. An accreditation statement will be issued through the TACOM System Security Manager within 30 days of the completion of the appropriate accreditation process.

(10) Security Incidents.

(i) Suspected or actual security violations will be initially reported to the Contractor's ADPSSO who in turn will report it, in writing, to the TACOM System Security Manager (ATTN: AMSTA-SC) within five work days. Examples of violations to be reported are:

- (A) Unexplainable output received at a terminal.
- (B) Abnormal system response.
- (C) Inconsistent or incomplete security marking.
- (D) Unattended terminal device signed on.
- (E) Unsuccessful attempts to log on from remote terminals.
- (F) Extraneous data on computer print outs.

(ii) In cases of suspected or confirmed security violations, information included in the initial report will be (i) location, (ii) system concerned, and (iii) description of the violation. Within two months, the Contractor ADPSSO will submit, in writing, a final report on the violation to the TACOM System Security Manager. The final report will include a determination whether the breach was actual or illusory and a summary of corrective action taken to preclude recurrence.

(11) Automation Security Training.

(i) The ADPSSO will conduct ADP security training for all personnel initially, upon assignment to the Data Processing Activity. The briefing will stress individual's security responsibilities and will be tailored to the assigned duties and oriented toward the local security environment. Automation personnel will also participate in an annual security education program conducted by the ADPSSO which pertains to their responsibilities.

(ii) Upon termination or separation of 60 days or more, the Contractor personnel will be (i) debriefed, (ii) return all materials related to their position, and (iii) sign a Security Termination Statement. This statement will include such information indicating the terminated/separated employee will:

- (A) Read and understand the Espionage Act, other criminal statutes, and Army and local regulations concerning disclosure of highly sensitive or sensitive material upon termination or separation.
- (B) No longer possess ADP programs written for Army operations or Contractor provided information for ADP programs.
- (C) Will not communicate or transmit proprietary information to any unauthorized person or agency.
- (D) Will report to the TACOM System Security Manager (ATTN: AMSTA-SC) any unauthorized attempt to solicit classified or proprietary information concerning the position held when employed by the Contractor.

(iii) The Security Termination statement will be retained in the terminated/separated employee's file.

(12) Appointment of Automation Security Officers. An ADPSSO will be appointed by a letter written by the Contractor at each computer site. A TASO will be appointed by a letter written by the Contractor at each remote terminal site. These individuals will ensure that guidance contained here is implemented. The letters will become part of the Accreditation Package.

(13) Privately Owned Computers. Use of privately owned computers is prohibited without the written consent of the TACOM System Security Manager (ATTN: AMSTA-SC). A Memorandum of Understanding (MOU) will be attached to the accreditation statement. The MOU will be between the TACOM System Security Manager and the owner of the personal computer. Only unclassified information can be processed under the contract on the personal computer, and information becomes the property of the U.S. Government. When an MOU is written, it will become part of the Accreditation Package.

(2) Principals, for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

THIS CERTIFICATION CONCERNS A MATTER WITHIN A JURISDICTION OF AN AGENCY OF THE UNITED STATES AND THE MAKING OF A FALSE, FICTITIOUS, OR FRAUDULENT CERTIFICATION MAY RENDER THE MAKER SUBJECT TO PROSECUTION UNDER SECTION 1001, TITLE 18, UNITED STATES CODE.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

K-12	252.225-7006	BUY AMERICAN ACT--TRADE AGREEMENTS--BALANCE OF PAYMENTS PROGRAM CERTIFICATE	MAR/1998
------	--------------	--	----------

(a) Definitions. "Caribbean Basin country end product," "designated country end product," "domestic end product," "NAFTA country end product," "nondesignated country end product," "qualifying country end product," and "U.S. made end product" have the meanings given in the Buy American Act--Trade Agreements--Balance of Payments Program clause of this solicitation.

(b) Evaluation. Offers will be evaluated in accordance with the policies and procedures of Part 225 of the Defense Federal Acquisition Regulation Supplement. Offers of foreign end products that are not U.S. made, qualifying country, designated country, Caribbean Basin country, or NAFTA country end products will not be considered for award, unless the Contracting Officer determines that there are no offers of such end products; or the offers of such end products are insufficient to fulfill the requirements; or a national interest exception to the Trade Agreements Act is granted.

(c) Certifications.

(1) The Offeror certifies that-

- (i) Each end product, except the end products listed in paragraph (c)(2) of this provision, is a domestic end product; and
- (ii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The Offeror must identify all end products that are not domestic end products.

- (i) The Offeror certifies that the following supplies qualify as "U.S. made end products" but do not meet the definition of "domestic end product":

(insert line item number)

- (ii) The Offeror certifies that the following supplies are qualifying country end products:
